

FEDERATION OF INDIAN EXPORT ORGANISATIONS

The Federation of Indian Export Organisations, popularly known as FIEO is the apex body of all export promotion organizations in India. Set up by the Ministry of Commerce, Government of India in 1965, FIEO has been serving as a platform for promoting India's trade with the World and also has been serving as a platform of interaction between exporters and policy makers. Thus, FIEO represents the Indian export promotion effort in its entirety.

FIEO has 17 offices located at various cities/town across India including New Delhi, Ludhiana, Amritsar, Kanpur, Jaipur, Kolkata, Bhubaneswar, Ranchi, Guwahati, Chennai, Bangalore, Hyderabad, Kochi, Coimbatore, Kanpur, Jaipur, Mumbai, Indore and Ahmadabad. FIEO today has a membership base of well over 30,000 members from all over the country, representing a wide cross section of products and services.

The Federation ensures that the exporting community get all the information and are involved in its activities both at the national and international level. FIEO organizes over 50 exhibitions throughout the year. Exchanges business delegations, establishes MoUs with counterpart organizations overseas and arranges exhibitions & catalogue shows abroad. Facilities redressal of exporters' problems by taking them up with the concerned authorities. The Federation's website acts as a platform for the exporters to sort out issues and challenges related to trade & commerce and provides clarification on various policy parameters etc.

FIEO News - the monthly news magazine published by the Federation has worldwide readership amongst exporters & importers, chambers of commerce, commercial and economic agencies and policy makers in India, foreign missions in India and Indian missions abroad etc. It also publishes its weekly e-bulletin – INTRADE Update, highlighting weekly developments on various areas of India's international trade.

Besides one can also find updated, searchable directory of exporters on FIEO website. It keeps members posted with the latest development in the international trade sector through continuous e-mailers and also through the Members Area of FIEO website. It closely liaisons with government and other trade bodies and help the policy makers to understand the issues faced by the exporting community and regularly provides necessary inputs, suggestions and recommendations to the government.

India Trade Portal, a one-stop information platform, developed and maintained by FIEO on behalf the Ministry of Commerce & Industry, Government of India for exporters-importers, providing key information about the MFN tariff/Preferential tariff of 87 countries, rules of origin to avail preferential tariff, SPS & TBT mapped at tariff line of 87 countries and India's share in their imports, item-wise export and import policy of the Government of India, duty drawback, MEIS, Interest equalization rates, GST and other levies are all available. First of its kind and unique application, "Niryat Mitra – Mobile App" promoting India's international trade has also been launched by FIEO. Available both on Android and on IOS, the App provides wide range of information required to undertake international trade right from the policy provisions for export and import, applicable GST rate, available export incentives, tariff/preferential tariff, market access requirements – SPS/TBT measures etc.

Recognition and Encouragement to Exporters and Export Facilitators

- FIEO confers "Niryat Shree" and "Niryat Bandhu" Awards to its exporters and export facilitators respectively for their outstanding performance in exports.
- Besides FIEO also recognizes its members with Export Excellence Awards from different Regions.

A. Sakthivel

FIEO is actively involved in promoting trade with the African region as a partner of the Government of India. The relation between India and the African region have been cordial and deepening with every passing year.

I am really happy to share that FIEO with the support of Embassy of India in Khartoum is mounting a Multi-Product Business Delegation to Khartoum, Sudan from 14th to 17th November, 2022. The bilateral trade between India and Sudan has grown strongly over the years reaching USD 1.23 Billion in FY 2021-2022.

This delegation visit will provide significant advantages to the companies for exploring the opportunities to expand their operations overseas and will open doors and fast track companies to engage in dialogue with the right companies.

The participating delegates will represent sectors like pharmaceutical and chemicals, furniture, Food and agricultural products/equipment like tractors, solar pumps, fertilizer, other materials/things used in agriculture sector, rice, spices, industrial chemicals, automobile & auto parts, generators, inverters, construction equipment, electrical and electronic equipment's, sanitary items, PVC leather, ready -made garments, materials/chemicals used in sugar production, , printing papers, stationery items etc.

I am sure this visit will help that the companies to identify partners; and look for joint ventures in Sudan.

I wish all the participants great success and a prosperous future.

Dr. A Sakthivel
President, FIEO

H.E. Mr. B.S. Mubarak

I'm happy to note that the Federation of Indian Export Organization (FIEO) with the support of the Embassy of India, Khartoum, Sudan is mounting a Multi-Product Business Delegation to Khartoum, Sudan of 15 Indian Companies from November 14 to 17, 2022. The objective of this visit is to boost India's exports to Sudan and interact with prospective buyers through focused B2B Meets.

India and Sudan enjoy warm, friendly, and deep-rooted historical relations and close people-to-people ties. Sudan is uniquely positioned and is both African and Arab. With two Nile rivers and vast stretches of fertile lands, Sudan offers great potential for trade and investment opportunities in agriculture sector and agro-industries. Sudan has an 850 KM coastline along the Red Sea and is close to Horn of Africa. Its location and proximity to other Arab countries also offers lot of opportunities.

India's exports to Sudan are over 1 billion USD. As an LDC, Sudan benefits from India's Duty-Free Tariff Preference (DFTP) Scheme and free business visas.

Bilateral trade of both countries has grown substantially, making India one of Sudan's largest trade partners. There is enormous scope for further improving our bilateral trade and the Embassy is making all efforts to tap the potential that exists for enhancing bilateral trade and investment between the two nations.

I hope that this business Mission would provide Indian companies with the best opportunity of building profitable business relationships and significant advantages for exploring opportunities to expand their operations overseas.

With best wishes

H.E. Mr. B.S. Mubarak
Ambassador of India to the Republic of Sudan

Abdalla Omer Bashir Elhusain

"Sudan a plethora of investment opportunities in the fields of agriculture, livestock, fisheries, textiles, oil and gas, mining, and renewable energy.

10% of the world's arable land and over 100 million heads of livestock lie in Sudan. The Red Sea coast on the North-Eastern side of Sudan, that extends for over 720km long, is harbouring around one million tonnes of Tuna fishes, which are highly demanded globally. In terms of energy, the whole country lies above 1.5 billion barrels and 3 trillion cubic feet of oil and gas reserves respectively. The Red Sea hills alone bear witness for 553MT of proven gold reserves.

Over and above, the Government stands ready to provide any kind of necessary assistance to welcome foreign investors in the country and facilitate their ventures. The people there are very welcoming by nature and the culture is strikingly similar to the Indian one. So, to sum up and in a nutshell, what would make you still wait and not go ahead with investing your capital there and multiplying your pennies?!"

Abdalla Omer Bashir Elhusain
Ambassador of Sudan

KK's INSTANT DRYING GRINDING PLANT (IDG PLANT)

Automatic, Washing, Blanching, Drying and Grinding Plant for Fresh Spices / Tea Leaf / Coffee / Herbal Plants / Fruits & Vegetables

We introduce first time in the world KK's IDG Plant for the Farm Fresh Spices, vegetables, Coffee & Tea Leaf. The IDG plant is designed in such a way that the drying grinding time of the product is in seconds.

- The energy of grinding is entirely recovered for drying.
- The product that may be heat sensitive is protected against overheating. Time of the operation is short.
- Capital outlay is less than the required for two separate drying and Grinding machines.
- The aroma / volatile oil are intake after IDG PLANT.
- The color will be remain as it is i.e. Green Neem leaf has a green color After Drying and Grinding.
- Shelf life of the products after IDG PLANT are much more than traditional Sun-drying & pulverizer grinding.
- All bacteriology control are much below than control rate.
- Final moisture in out-let product always under control rate even though In-put raw material carries different % (percentages) of moisture.
- KK's IDG PLANT is multipurpose & can be used in Different product drying grinding or only grinding in the same plant without drying.
- KK's IDG PLANT are dust-proof echo-friendly.
- All the green spices from the vegetable market are first is washing, blanching then Instant Drying Grinding in a very hygienic way.
- KK's IDG PLANT is totally automatic and for the Operation of the plant, only one supervisor is required.
